

BOARD SUPERINTENDENT RELATIONSHIP

The Board shall set policies and the Superintendent shall be responsible to the Board for the administration of its policies, the execution of its decisions, the operation of the school program for keeping it informed about school operations and problems and for satisfactory fulfillment of the duties required by statute and regulations of the State Board of Education.

Delegation by the Board of its executive powers to the Superintendent provides freedom for the Superintendent to manage the schools within the Board's polices and frees the Board to devote its time to policy-making and appraisal functions.
