

CRISIS PREVENTION & EMERGENCY RESPONSE PLANS

The Board recognizes that schools are subject to a number of potentially dangerous events, such as natural disasters, industrial accidents, acts of terrorism, and other violent events. No school is immune from these events no matter the size or location. The Board is committed to the prevention of these events, to the extent possible, in the schools and at school-sponsored activities.

A. Site-specific Emergency Operations Plan (RSA 189:64)

Each school shall develop a site specific school emergency operations plan ("EOP") based on and conforming with the Incident Command System and the National Incident Management System and pursuant to RSA 189:64.

Each Emergency Operations Plan will address hazards as including, but not limited to: acts of violence, threats, natural disasters, fire, hazardous materials, medical emergencies, and other hazards deemed necessary by the School Board or local emergency authorities.

School building principals, or their designee, shall annually review their site-specific EOP and submit updated plans (or report of no changes) to the Superintendent for review by July 30th.

If, after such review, the plan remains unchanged, then the Superintendent/Principal shall notify the New Hampshire Department of Safety by October 15 that the plan is unchanged. If an Emergency Operations Plan is updated/revised, the Superintendent/Principal shall submit the updated Emergency Operations Plan to the Director of Homeland Security and Emergency Management of the Department of Safety by October 15.

B. Coordination

The Superintendent will establish a relationship with local and state emergency services (e.g., police, fire, ambulance, etc.). The Superintendent, or his/her designee, will serve as the coordinator/liaison with these authorities.
